ParametersValuesFile Name:Conker's Bad Fur Day (Europe).zipConsole/System:N64Genre:PlatformFilesize:58.72MBRegion:UKYear of release:2001Downloads:65108 Conker's Bad Fur Day (EU), released in Europe in the year 2001, is a platform video game coming under the Conker video game series. Rare developed the game and published it for the Nintendo 64. Game Plot The game Conker's Bad Fur Day follows Conker the Squirrel's tale, a red squirrel that leaves on a hunt to return home to Berri, his girlfriend, after a night of indulgence drinking with his friends. At the same time, the Panther King, leader of the land that Conker is wasted in, discovers that his throne's front table is missing one of its parts and commands his servant, Professor Von Kriplespac, to resolve the problem. So, he proposes to replace one leg with red squirrels, and they go to capture one. Gameplay The player takes control of Conker the Squirrel and takes him through various series of three-dimensional levels. The gameplay mainly relies on estimating how to assist other characters by performing and finishing a linear sequence of challenges. The challenges comprise gathering objects, defeating a boss, racing opponents, and solving puzzles. The result is always a cash prize, which helps the players access other areas in the overworld. Best Emulator for Conker's Bad Fur Day (EU) ROM To play Conker's Bad Fur Day (EU) ROM, you should have a Nintendo 64 emulator downloaded and installed on your playing device. A few of the best Nintendo 64, N64 emulators to play Conker's Bad Fur Day (EU) ROM on Microsoft Windows include RetroArch, Glide 63, Mupen, and CEN64. To play the game on MAC OS, you can install OpenEmu, Sixtyforce, and MupenPlus64. Similar Games After playing Conker's Bad Fur Day (EU) ROM, you may even love other games under the Conker video games series. A few of them are listed below. Conker's Pocket Tales It is an action-adventure video game coming under the Conker video game series. It comes as the first game in the Conker games series. The story follows Conker the Squirrel as he reclaims his stolen birthday gifts and saves his girlfriend Berri, whom the Evil Acorn abducted. Here, Conker can make a mid-air ground-pounding attack that can strike buttons to resolve puzzles. Additionally, the player has the skill to dig up patches of soft dirt. Wizards & Warriors It is a platform video game where the player guides Kuros, who is a "Knight Warrior of the Books of Excalibur," where he hovers out in the Kingdom of Elrond to destroy the evil wizard Malkil. The Malkil held the princess of Elrond prisoner in Castle IronSpire, immersed within the forests of Elrond. So, the player strives through tunnels, caves, and forests while also accumulating treasure, keys, magic items, and weapons. Conker: Live & Reloaded It is a platform video game coming under the Conker video game series. The game has multiplayer, which consists of several game modes like the standard Deathmatch modes or Capture the Flag. Moreover, the player can participate as a part of the Tediz or the SHC. There are yellow Upgrade Orbs scattered throughout the arenas, which give a player more equipment and skills when acquired. The Nintendo 64 is considered one of the most emblematic platforms in the history of video games. One of the most outstanding features of this platform is its wide catalog of games, including masterpieces such as Super Smash Bros., Banjo-Kazooie, and Donkey Kong 64. In fact, many retro video game fans still enjoy the Nintendo 64 thanks to emulators such as Project64, Sixtyforce, Mega N64, OpenEmu or Mupen64Plus. These emulators are applications that simulate the N64 hardware, allowing you to play classic games like Conker's Bad Fur Day on your computer or Android or iOS mobile device. How to download Conker's Bad Fur Day N64 ROM? Downloading Conker's Bad Fur Day is very simple as there has been a huge growth in the number of websites dedicated to video game piracy, but this is a threat to both the video game industry and its customers. For example, these games can be found on ROM download portals or on popular file-sharing sites like MEGA, BayFiles or MediaFire, as well as a multitude of torrent portals. Therefore, downloading the Conker's Bad Fur Day ISO and an emulator may seem like a good idea. However, while emulators are allowed, sharing and downloading ROMs is not, as the publisher retains ownership of the copyright. Of course, you can go the illegal route. However, doing so would be disrespectful to the tireless efforts of the developers. In addition to running the risk of downloading a file that may contain malware. At RomsMania we do not encourage or promote the downloading of ROMs, not even for discontinued titles. Therefore, we do not host or link to any copyrighted content. Fortunately, there are several legal alternatives to get Conker's Bad Fur Day relatively cheaply: Amazon: Currently, Amazon is the most popular Internet store in the world. Within its large catalog, you can find Conker's Bad Fur Day among many other games, game consoles, and gaming accessories. Retro videogame stores: There are online stores that sell retro videogames such as DKoldies, Eneba, JGames, and Level Up where you can buy discontinued games. Second-hand stores: Second-hand stores are also an excellent option, as they usually have a video game area where you can find games and consoles that you thought would be impossible to get. Besides, it is very likely that you have one near your home. You have no more excuses to get your hands on Conker's Bad Fur Day. Also, if you like Action games, we recommend you take a look at the other N64 games we have available at RomsMania. Overview A comedy platform adventure featuring Conker, a drunkard, foul-mouthed red squirrel trying to find his way home after he awakes hungover in the middle of a field with a fuzzy memory and only the clothes on his back to accompany him. MasterV rates this game: 3/5 Well, I missed this game when it originally came out, and it saddens me to say that it is indicative of the drop in quality Rare had started to display with Banjo-Tooie. The graphics may be quite pretty, the movie references and the voices funny (if you can appreciate the crude immature toilet humour on show. I know I did), but that's not enough to save the game. The platforming segment of the game is quite poor by Rare's standards, with numerous instant death traps and other "fun" moments. Still good, so you might want to check it out and see if you're more forgiving than me. Anem86 rates this game: 2/5 It's not that Conker's Bad Fur Day is a bad game; it's just a misguided and confused game. Back in its day, it was a novelty, purchased largely because of its toilet humor—the same reason we bought the South Park N64 game, which wasn't really very good, either. Conker's Bad Fur Day had a rating that meant only 18+ year olds were allowed to buy it, which meant its target audience was the 18-25 demographic, but... toilet humor isn't particularly effective. As a 14 year old, or 15 year old, however I old I was, I loved this game and found it absolutely hilarious. But looking back, now as an adult, most of the humor was derived simply from the novelty of it, the gimmick of having a lot of foul language and toilet humor in a video game. That... hadn't really happened before Conker's Bad Fur Day. The game itself is competent. Rare was the champion of the platformer of that generation, and Conker's Bad Fur Day is no exception, though the gameplay doesn't stand up against Banjo-Kazooie or even Donkey Kong 64. It feels like a watered down N64 platformer, and I imagine this is because so much of the game's development went into the humor instead. Again, it's not a BAD game. Just a horribly overrated one. A lot of the jokes aren't even jokes; they're just references, where the game appears to just quote various movies without ever really delivering a punchline, leaving the only joke being that someone ran out of ideas and thought that referencing The Matrix counted as a joke, especially a time when pretty much everything was making the same references to trenchcoats, pistol dual-wielding, and Bullet Time. Sadly, a lot of Conker's Bad Fur Day is like that—it's just misguided. If you want a funny game, play Portal. It's hard to escape the feeling that Conker's Bad Fur Day was written entirely by game developers who had good senses of humor, while Portal was written largely by comedy writers; the humor in Conker's Bad Fur Day typically comes off as an amateur production. It's not bad, but it's WAY short of what we've come to expect of people who we throw money at for being funny. Compare the song of the Mighty Poo, generally heralded on the Internet as hilarious and brilliant, to "Still Alive" from Portal; that will give you an idea of what I mean when I say that Conker's Bad Fur Day feels more like an amateur production. It's not UNfunny, but it's unlikely to garner many laughs, and far more likely to produce rolling eyes. This was true back in the day, as well, but the difference was that we didn't have anything to compare it to, which made it seem a lot better than it really was. Conker's Bad Fur Day was the first game to bring anything like that to the table, and it rocked our worlds. If it was released now, though, no one would give it a second look, and it would be blasted universally in reviews for an overreliance on toilet humor and movie references. AAleCortes says: One of the most exciting games of 2011! Our protagonist Conker the Squirrel fills us with emotion in each mission. A game with which you spend hours in front of the screen, is a game in which you never get bored, test your skill and skill in the games, a game completely for young adults, the best that came for the N64. Mr. Canada rates this game: 5/5 Conker's Bad Fur Day is an adventure/platformer game for the Nintendo 64 full of language and adult British humor its a very great title for the system. Its also rated M for mature so even tho it may be adorable do not be mistaken and let your children play it for it is very as the kids day these days risky. Joseph rates this game: 5/5 Likely the most whackest fun game ever. A lot of movie references are involved. We join conker drunk trying to find hes way home wakes up in a world close to reality the intelligent (conker) must use hes drinking and thinking to cut through all the Cow poo and get back home.
